EXHIBIT 6-1 INTERFACES

The following table shows the currently identified interfaces by their associated functions to assist the Contractor. During requirements validation, all of the following information needs to be verified and interface needs identified. All of the information provided is for informational purposes only and does not contain any system or Contractor requirements. The information below is subject to change.

INTERFACE	STATUS	CURRENT	FREQ	Media	SOURCE	TARGET	TYPE	SUB-TYPE	DESCRIPTION
Accounting									
Long Paid Claims	Required	Y	Monthly	Tape	CMIPS	DHS	Send	N/A	Department of Health Service receives paid claims data for any records with federal financial participation (FFP) with Medi-Cal. The Medical Care Statistics Section uses the data for statistical reporting on each waiver program. CMIPS provides a monthly tape of paid claims data for all IHSS Medi-Cal recipients. DHS Information Technology Services Division (ITSD) receives the tape on the 6th working day after payment. ITSD forwards the tape to HHSDC, who copies the files to the mainframe.
Third Party Liability	Required	Y	Monthly	FTP	CMIPS	DHS	Send	N/A	The TPL system ensures that all reasonable measures are taken to identify liable third parties and to utilize such resources to minimize the financial obligation of the taxpayer. It also provides TPL information to providers of medical services to facilitate their direct billing of liable third parties.
